

COSINUS Collaboration Meeting

Wednesday, 9 October 2019 - Friday, 11 October 2019

HEPHY

Book of Abstracts

Contents

Satellite 1	1
Satellite 2	1
Welcome	1
Report competing experiments	1
Status of detector and analysis	1
Phonon propagation	1
Status of crystal growth	1
Discussion on future measurements	2
Visit clean room HEPHY (optional)	2
Status of construction	2
Discussion construction	2
Introduction Helsinki	2
Discussion cryostat	2
Status DAQ electronics	2
Status simulations	3
Summary CSN2, planned future activites	3
Technical Design Report - Discussion and sharing of responsibilities	3
Discussion collaboration structure	3
Open discussion time	3

1

Satellite 1

Place holder for possible pre-meetings.

2

Satellite 2

Place holder for possible pre-meetings.

3

Welcome

10

Report competing experiments

Corresponding Author: florian.reindl@oeaw.ac.at

11

Status of detector and analysis

Corresponding Authors: florian.reindl@oeaw.ac.at, karoline.schaeffner@gssi.it

12

Phonon propagation

Corresponding Authors: natalia.dimarco@lngs.infn.it, vanessa.zema@gssi.it

13

Status of crystal growth

Corresponding Author: karoline.schaeffner@gssi.it

14

Discussion on future measurements

Corresponding Authors: karoline.schaeffner@gssi.it, florian.reindl@oeaw.ac.at

15

Visit clean room HEPHY (optional)

Corresponding Author: wolfgang.brandner@cern.ch

16

Status of construction

17

Discussion construction

18

Introduction Helsinki

19

Discussion cryostat

20

Status DAQ electronics

Corresponding Authors: markus.friedl@oeaw.ac.at, christoph.schwertner@oeaw.ac.at

21

Status simulations

Corresponding Authors: natalia.dimarco@lngs.infn.it, alexander.fuss@tuwien.ac.at

22

Summary CSN2, planned future activities

Corresponding Author: natalia.dimarco@lngs.infn.it

23

Technical Design Report - Discussion and sharing of responsibilities

24

Discussion collaboration structure
