**Doctoral  
Students  
&  
Users**

**16:35**

*Closing drink & Networking*

# HR website – Experts contacts

The screenshot shows the CERN website interface. At the top left, the text "CERN Accelerating science" is displayed. On the right, there are links for "Sign in" and "Directory". Below this, a navigation menu includes "About CERN", "Students & Educators", "Scientists", and "CERN community". Language options for "English" and "Français" are also present. The main content area features a large, circular visualization of particle tracks, with a central point from which numerous orange lines radiate outwards, set against a dark background with concentric circles. A mouse cursor is positioned over one of these lines. To the right of the main visualization is a "CERN Updates" sidebar containing a list of recent news items: "Hunting for dark quarks" (31 August), "AWAKE successfully accelerates electrons" (29 August), and "Long-sought decay of Higgs boson observed" (28 August). Below the list is a "Past updates >" link and a search bar with the text "Search this site" and a "Search" button. At the bottom of the main visualization, a caption reads "CANDIDATE EVENTS IN THE CMS SM HIGGS SEARCH CMS, 13/05/2012 21:08" with a "view image" link.

# Any questions ?
