

## SWAN Users' Workshop

Contribution ID: 21

Type: **not specified**

### **TE/ABT user experience and proposals for SWAN**

*Friday, 11 October 2019 14:40 (20 minutes)*

The CERN SWAN service is being extensively used in the ABT group. In this presentation, the main use cases with some examples are reported. Also, some feature requests are highlighted which are believed that could improve our experience with this already very complete system.
