# Welcome!

- **A Coordinated Ecosystem for HL-LHC Computing R&D Blueprint Workshop**

- **Thanks to Aaron Dominguez and CUA for hosting!**

First "Blueprint" Meeting

- **IRIS-HEP Conceptualization (S²I²-HEP)**

  - S^2I^2-HEP/DOE Workshop on HL-LHC Software & Computing R&D
  - Held at the Catholic University of America on November 28-29, 2017
  - Involved US ATLAS/CMS S&C Ops management, representatives from Labs (FNAL, ANL, LBNL, BNL, SLAC), DOE Program Officers, and S^2I^2-HEP
  - Theme: *Coherence & Alignment*
  - Discussion around vision for US R&D efforts for HL-LHC (using impact criteria), how R&D and Ops efforts would interact and help each other

Locations

- October 23: Vincent P. Walter Boardroom (Curley Hall)
  - Dinner at Murphy's Grill
- October 24 & 25: Pryzbyla Center Room 321/323
