The Cosylab White House

3rd AVA Topical Workshop - Machine Experiment Interface

10 – 11 October 2019, Cosylab, Ljubljana, Slovenia

Wednesday
09/10/19

20:00 - 22:00

Welcome Reception

Opera bar

<https://opera-bar.com/>

Thursday
10/09/19

8:30 - 9:00

Registration

9:00 - 9:30

Welcome / Admin & Logistics

9:30 - 10:30

Invited and Delegate talks

11:00 - 12:00

Cosylab Presentation and Tour

12:00 - 13:00

Lunch, *Hombre Restaurant*

13:00 – 18:00

Hands on session on LabView

*Participants just need to bring a laptop
with ethernet (RJ-45) connection and if
possible windows*

19:30 - 22:00

Workshop Dinner, *Restaurant Sestica*

Friday
11/09/19

9:00 - 10:00

Invited Speaker

10:00 – 12:30

Delegate talks

12:30 - 13:30

Lunch, *Hombre Restaurant*

13:30 - 15:00

Discussion and Report Writing Session

3rd AVA Topical workshop - Machine Experiment Interface

10 – 11 October 2019, Cosylab, Ljubljana, Slovenia

AVA TW3: Machine- Experiment Interface, Cosylab, Ljubljana, Slovenia				Date: 10-11 October 2019	
Day 1 / Registration from 8:30			Day 2		
09:00-09:30		Welcome and Overview <i>M. Plesko / C.P. Welsch</i>	09:00-10:00	Invited speaker	Readout and handling of data in the control room <i>Ralph Steinhagen, GSI/FAIR</i>
9:30-10:00	Invited speaker	Integration and Controls <i>Lajos Bojta, CERN</i>	10:00 - 11:00	Delegate Talks	ARTEMIS as an example of control systems for physics experiments at large user facilities - <i>Jeffrey Klimes, GSI</i>
10:00-10:30	Delegate Talks	Challenges in Machine-Experiment Interfacing <i>Adelaide Grimaud, Amit Nanda, Markus Wiesinger</i>			Data acquisition, data analysis and simulation tools in a test bench environment - <i>Bruno Galante, CERN</i>
					Instrument read-out & Experiment optimisation in simulation: Current and past experience - <i>Volodymyr Rodin, ULIV</i>
					Use of FPGAs in real-time signal processing <i>Miha Cerv, Cividec</i>
					Practical use and remote control of CX-4 cryogenic amplifiers <i>Ilija Blinov, Stahl</i>
					High precision power supply and it's integration to the industrial control system <i>Indrajeet Prasad, Foton</i>
COFFEE BREAK					
11:00-12:00	Invited speaker	Cosylab Presentation and Tour	11:30-12:30	Delegate Talks	Status of the integration of the CCC in CRYRING <i>David Haider, GSI</i>
					Electron Cooling at LEIR <i>Bianca Veglia, ULIV</i>
					Surface Data Acquisition and its Challenges <i>Liam Soomary, University of Liverpool</i>
					Simulation results for the new degrading foil properties <i>Siara Fabbri, University of Manchester</i>
					Title Milena Vujanovic
					Discussion
LUNCH					
13:00-16:00	Invited speaker	Hands on session on LabView <i>Jernej Podlipnik</i>	13:30-15:00	Delegate Talks	Discussion and Report writing
COFFEE BREAK			WORKSHOP END		
16:30-18:00	Invited speaker	Hands on session on LabView <i>Jernej Podlipnik</i>			
19:00		Workshop dinner			

TRAVEL

For details on travel to Cosylab:

Gerbičeva ulica 64

SI-1000 Ljubljana

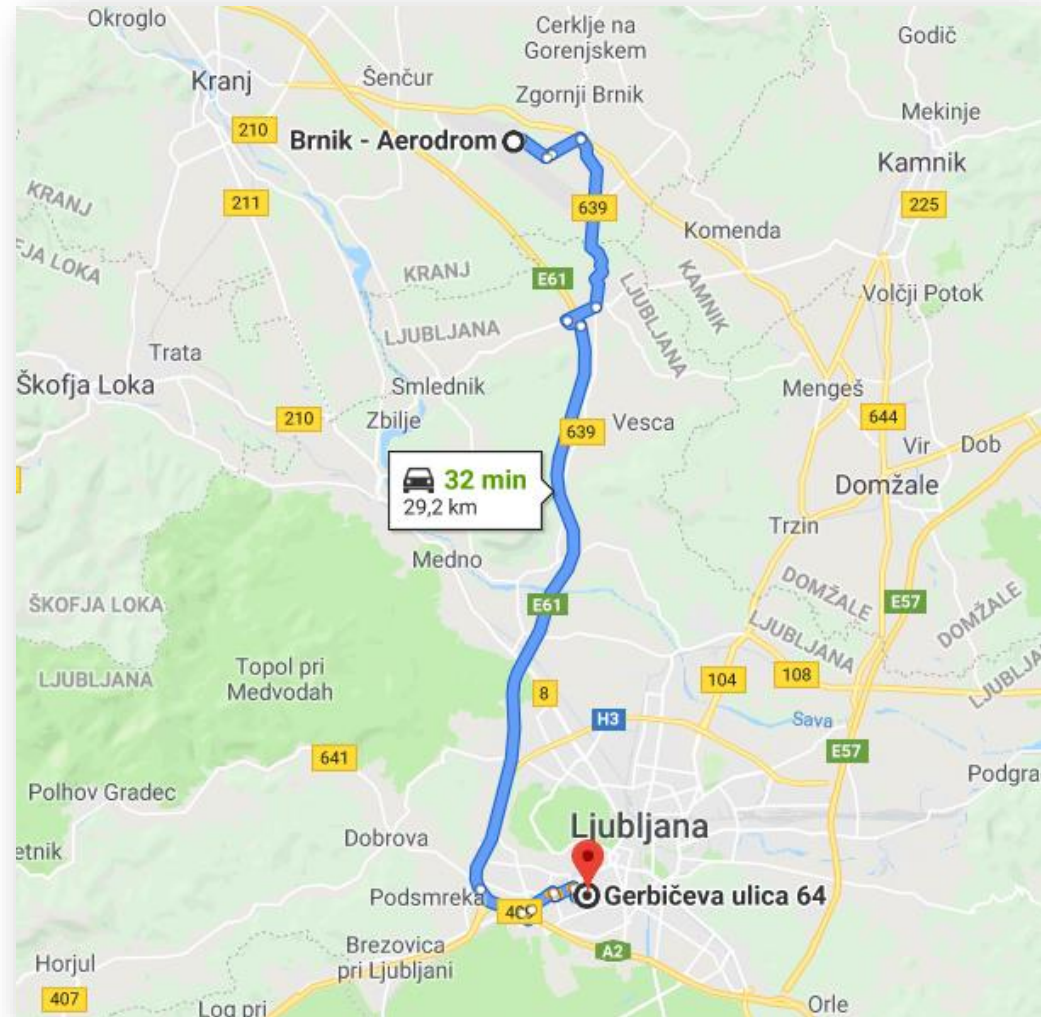

From Ljubljana Airport

To Cosylab:

- By Taxi – 20-30 € one way
- By public bus to the main bus station (around 4 € one way) Travel time: 1h+
- By GoOpti or other Shuttels to the main bus station

To the hotels:

- By Taxi – 20-30 € one way
- By public bus to the main bus station (around 4 € one way) Travel time: 1h+
- By GoOpti or other Shuttels to the main bus station

TRAVEL

For details on travel to Cosylab:

Gerbičeva ulica 64

SI-1000 Ljubljana

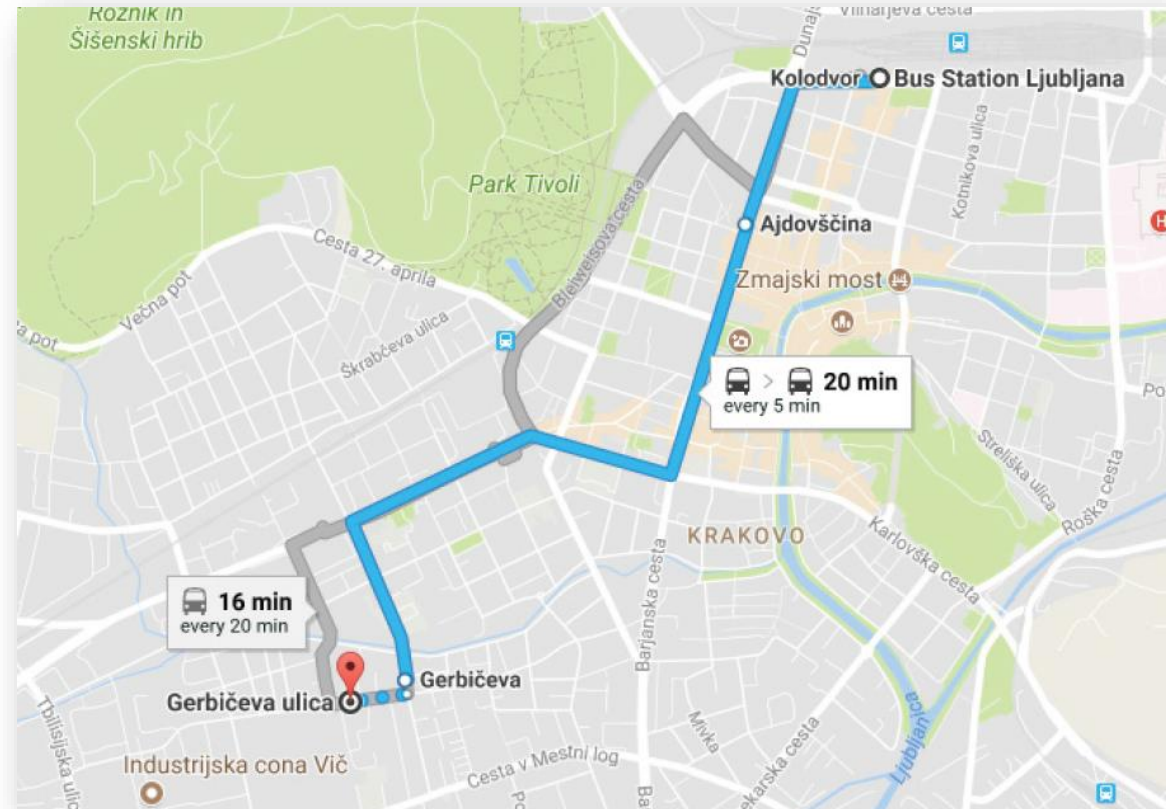

From Ljubljana Bus/Train station

To Cosylab:

- Take Bus No. 2,9,18, or 27 from KOLODVOR to AJDOŠČINA
- At AJDOVŠČINA change to Bus No.1
- Get off at GERBIČEVA
- Turn right at the traffic light, continue for 300 meters, until the White House is on your right

To the hotels:

- Take Bus No. 2,9,18, or 27 from KOLODVOR to AJDOŠČINA
- At AJDOVŠČINA change to Bus No.1
- Get off at GERBIČEVA
- Turn right at the traffic light, continue for 500 meters, until the hotel is on your left

TRAVEL

For details on travel to Cosylab:

Gerbičeva ulica 64
SI-1000 Ljubljana

By Car

To Cosylab:

- You can leave your car on the parking lots in front of the building;
- Alternatively, you can also park at the Gimnastični center
