

3rd FCC Physics and Experiments Workshop

Monday, 13 January 2020

FCC-ee MDI issues and luminosity measurement - 222/R-001 (11:00 - 13:00)

time	[id] title	presenter
11:00	[79] Overview of IR constraints and design	BOSCOLO, Manuela
11:30	[138] IR magnets and envelopes	KORATZINOS, m
12:00	[139] Synchrotron radiation	BURKHARDT, Helmut
12:30	[77] Experimental conditions: beam related backgrounds, beam-beam effects on luminosity measurement and the number of neutrinos	PEREZ, Emmanuel Francois
