

PHAROS Conference 2020: The multi-messenger physics and astrophysics of neutron stars

Friday, 3 April 2020

4 - Room 1 (11:00 - 12:30)

time	[id] title	presenter
11:00	[67] The Thousand Pulsar Array programme on MeerKAT	JOHNSTON, Simon
11:15	[97] The Third Fermi LAT Pulsar Catalog, 3PC	SMITH, David
11:30	[33] The Arecibo PALFA survey and the observed population of Galactic millisecond pulsars	PARENT, Émilie
11:45	[114] The CIRADA slow pulsar survey using CHIME	Dr TAN, Chia Min
12:00	[137] Finding extragalactic neutron stars through transient searches with EXOD	PASTOR-MARAZUELA, Inés
12:15	[22] The Hellenic Radio telescope - Opportunities for pulsar monitoring	Prof. GIZANI, Nectaria
