

ISOLDE - EPIC 2019

Tuesday 3 December 2019

LHC Intensity Upgrade (LIU) and its potential for ISOLDE - 503/1-001 - Council Chamber (14:00 - 15:45)

-Conveners: Kieran Flanagan

time	[id] title	presenter
14:00	[5] Feasibility of transferrring 2 GeV beams from the CERN PSB to ISOLDE	BARTMANN, Wolfgang
14:30	[9] EPIC target production	ROTHER, Sebastian
15:00	[6] Upgrading the proton beam energy of ISOLDE from 1.4 to 2 GeV: the impact on the beam intensities	RAMOS, Joao Pedro
15:35	[30] General Discussion
