

QWG 2021 - The 14th International Workshop on Heavy Quarkonium

Friday 19 March 2021

Day 5 Morning: In-Media (I) (07:00 - 09:30)

-Conveners: Peter Petreczky; Enrico Scomparin

| time | [id] title | presenter |
|-------|--|--------------------------|
| 07:00 | [18] Charmonium production studies in nuclear collisions with ALICE | MASSACRIER, Laure Marie |
| 07:20 | [19] Bottomonium production studies in nuclear collisions with ALICE | Dr PAUL, Biswarup |
| 07:40 | [24] Quarkonium production in nuclear collisions with ATLAS | SPOUSTA, Martin |
| 08:00 | [21] "Quarkonium production in nuclear collisions with CMS", | FALMAGNE, Guillaume |
| 08:20 | Coffee Break | |
| 08:30 | [26] Quarkonium production in nuclear collisions with LHCb | CRKOVSKA, Jana |
| 08:50 | [23] Bottomonium thermal width in NRQCD on the lattice | LARSEN, Rasmus |
| 09:10 | [20] Complex static potential in lattice QCD | WEBER, Johannes Heinrich |
