

QWG 2021 - The 14th International Workshop on Heavy Quarkonium

Tuesday 16 March 2021

Day 2 Afternoon: BSM (14:00 - 16:10)

-Conveners: Dayong Wang; Alexey Petrov

time	[id] title	presenter
14:00	[69] Accurate decay constants from lattice QCD for BSM physics	DAVIES, Christine
14:20	[70] Muonium-antimuonium oscillations in effective field theory	CONLIN, Renae
14:40	[71] Light Dark Sectors through the Fermion Portal	ELLIS, Sebastian
15:00	Coffee Break	
15:10	[68] BSM in bottomonia at Babar	SIBIDANOV, Alexei
15:30	[62] Searching for charged LFV and BNV in J/ψ decays at BESIII	WANG, Mengzhen
15:50	[67] Search for new light vector boson using J/ψ at BESIII and Belle II	KWON, Youngjoon
