

QWG 2021 - The 14th International Workshop on Heavy Quarkonium

Thursday, 18 March 2021

Day 4 Afternoon: Production (II) (14:00 - 16:50)

-Conveners: Jianwei Qiu; Eric Braaten

time	[id] title	presenter
14:00	[38] Recent production and spectroscopy results from D0	DRUTSKOY, Alexey
14:20	[36] J/psi production at ALICE	FIONDA, Fiorella
14:40	[43] Quarkonium TMD fragmentation functions in NRQCD	Dr ECHEVARRIA, Miguel
15:00	[40] New results on Bc(2S) and Bc*(2S) production at CMS	PEREZ NAVARRO, Daniel Alejandro
15:20	Coffee Break	
15:30	[41] Doubly heavy mesons and baryons at LHCb	HE, Jibo
15:50	[39] Next-to-Next-to-Leading-Order Radiative Corrections to Heavy Charmonium Exclusive Production at B factories	SANG, Wen-Long
16:10	[42] Quarkonium fragmentation function and test of NRQCD factorization	ZHANG, Peng
16:30	[37] Triangle singularities in production of X(3872)	HE, Liping
