Programme Website

The screenshot shows the Indico event page for the Bosnian Teacher Programme 2020. The header features the CERN logo and the event title. The main content area includes an overview, a timetable, and registration information. The overview text describes the program's focus on particle physics and lists the dates as 4-8 February 2020. It also provides contact details for administrative support, including an email address and a phone number. A section titled 'Bosnian Teacher Programme 2020:' includes a link to the event page and the name of the teacher programme manager, Jeff Wiener. An emergency contact number for the CERN fire brigade is also provided. The event details section shows the start and end times, the location at CERN, and the organizers, Admir Grejlo and Jeff Wiener. A note indicates that there are no materials yet. An information icon at the bottom of the page points to a section where scientific programme and agenda information will be available under the timetable.

The **Bosnian Teacher Programme 2020** will take place from 4-8 February 2020. Lectures, on-site visits, exhibitions, and hands-on workshops will introduce its participants to cutting-edge particle physics. We hope our participants will go back to Bosnia & Herzegovina as ambassadors, who pass on the subject to our next generation of physicists, engineers, IT specialists, etc.

Prvi bosanskohercegovački CERN-ov program za profesore bit će održan od 4. do 8. februara 2020. godine. Predavanja, posjete eksperimentima, izložbe te praktične radionice upoznat će učesnike s trenutnim istraživanjima u fizici čestica. Nadamo se da će se naši učesnici vratiti u Bosnu i Hercegovinu kao ambasadori, te usvojeno znanje prenijeti na buduću generaciju fizičara, inženjera, IT stručnjaka, itd.
