

15th Topical Seminar on Innovative Particle and Radiation Detectors

14 - 17 October 2019 Siena, Italy

IPRD19

Società Italiana di Fisica
Bologna - Italia

fln 14 Oct 2019

Welcome to Siena

- on behalf of the organizing committee

P. Govoni
G. Lehmann
P.S. Marrocchesi
F.-L. Navarria
M. Paganoni
A. Perrotta
T. Rovelli

- thanks to our sponsors: INFN, Univ. of Siena, Univ. of Bologna, SIF, CAEN

Historical notes

- San Miniato (Pisa, in fact half the way between Florence and Pisa) Topical Seminars started in 1984, then in 2000 were moved south to the beautiful Certosa di Pontignano (Siena) and in 2001 to Siena – there are several series: detectors, physics results and computing – IPRD19 is the **15th** in a series & the **25th** overall

IPRD19 Programme

- Highlights

- Mon 14 19h30 **Welcome party**

- The **Posters** are supposed to be permanently on display (so you'll have time to see the posters during the breaks), however a Poster Session will be helped by Wine&Cheese Tue 15 19h15

- Wed 5 20h30 **Conference dinner** (in **Orto dei Pecci** 300 m from the **Physics Dept.**)

- The rest is all talks

- All talks are in **plenary** sessions in Auditorium

- ... notice that, also this time, the weather forecast, cloudy & stormy, with sun patches later in the week, seems not too dissimilar from the usual one of BBC East, so this a good motivation for attending

Presentations

- Please upload your talk on the PC used for the presentations, **at least half a day before the beginning of the session, preferably in .pdf or alternatively in .ppt or in .pptx**, in the correct folder for your session
- **Please stay within your time allocation, which INCLUDES discussions**

Proceedings

- To be published in Journal of Instrumentation (JINST) – the instructions are posted – the proceedings will be made available as a single archive at the end of the process
- **10** pages maximum for all talks and posters (obviously you may use less, this is not forbidden),
- but, if you have valid reasons not to comply with the page limit **OR** you do not plan to write up your contribution please inform perrotta@bo.infn.it
- Deadline for manuscripts 6 January **2020**

Last

- When registering, please check your data and do not forget to give the secretaries your e-mail address, mention whether you will attend the conference dinner etc.
- Enjoy the conference
- ... and do not forget the town is just beautiful and an tourist's paradise with vertical towers
