

Four Corners discussion

- Do we need a more structured interface for theorist-experimentalist interactions? If so, what should this look like?
- How can we best support young scientists in collaborations? More broadly, how can we increase diversity and representation in our field?
- The European Consortium for Astroparticle Theory (EuCAPT) aims to bring together the European community of theoretical astroparticle physicists and cosmologists. What do you think should be the priorities of EuCAPT?
- What's a project you would like to do, but don't have the expertise for? How might EuCAPT help with this?
