

## Magnificent CEvNS 2019

Contribution ID: 6

Type: **Invited**

### **PREX/CREX Overview**

*Monday 11 November 2019 14:30 (20 minutes)*

This talk will provide a brief description of the experimental methods and for PVES scattering, particularly for neutron skin measurements. It will also summarize the theoretical motivation for this type of measurement.

**Primary author:** Dr MAMMEI, Juliette (University of Manitoba/JLAB)

**Presenter:** Dr MAMMEI, Juliette (University of Manitoba/JLAB)

**Session Classification:** Theory/pheno/nuclear

**Track Classification:** Nuclear structure, theory, and effects
