

Welcome!

T2K Cross-Section Workshop, CERN

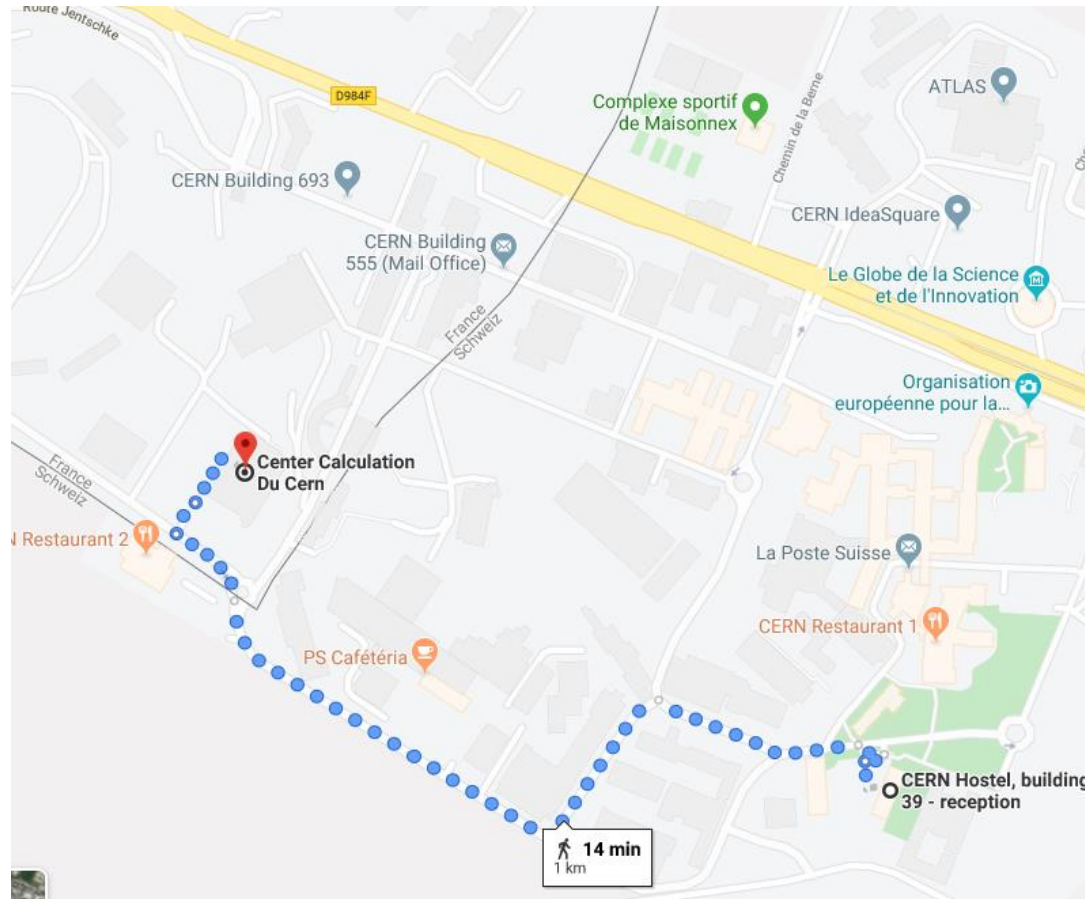

<https://indico.cern.ch/event/844789/>

~1 year ago, GSSI, L'Aquila

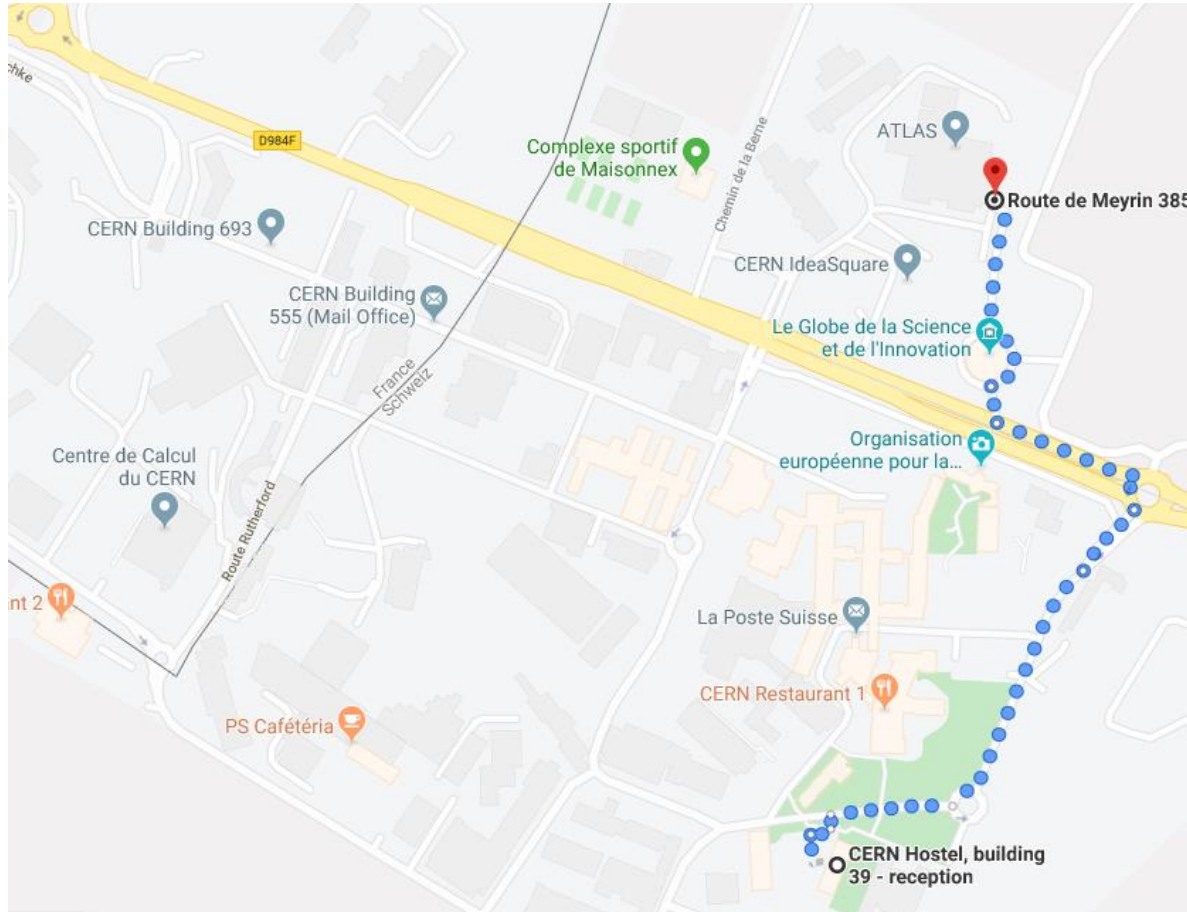

The Essentials: where am I

- **Today and Friday:** CERN computing centre building 513 room 1-024

The Essentials: where am I

- **Tomorrow:** Room 3162/1-K01 (close to ATLAS). You will have to leave the CERN Meyrin site and cross main the road

The Essentials: food and snacks

- **Coffee** should be arriving just outside our room
- **Lunch** (10-15 CHF, cards accepted)
 - Today and Friday: Restaurant 2, just across the road
 - Tomorrow: Restaurant 1 ~10 mins walk
- **Dinner** (if you registered):
 - Today: Le Mahal, Saint Genis (<http://lemahal.fr/>)
 - Tomorrow: Bain des Paquis, Geneva
 - (If you didn't register and want to join, tell me at coffee)

The Essentials: food and snacks

- Today: Le Mahal, Saint Genis (<http://lemahal.fr>)
- How to get there:
 - Take bus 68 from just outside CERN reception, you have to cross the road to get it (where the tram *coming from Geneva* also stops)
 - It's a <5 minute walk from either the second or third stop (Lion or Hautains)
 - The address is: *4 rue de la liberté, 01630 Saint Genis Pouilly*
 - It's possible to walk, but expect it to take about ~30 mins

The Essentials: food and snacks

- Tomorrow: Bain des Paquis (<https://www.bains-des-paquis.ch/fr/restauration>)
- How to get there:
 - Take tram 18 (the only tram you can get) from CERN to Cornavin (Geneva's main station). Takes ~20 mins.
 - From here it's around a 10 minutes walk
 - Tram and bus timetable: <http://www.tpg.ch/fr/horaires>
 - Tram tickets: buy at the machine close to the tram stop, you want the "Tout Genève" ticket (3 CHF)

The Essentials: WiFi

- Eduroam should be available
- Alternative: use CERN WiFi and enter my name (Stephen Dolan) if it asks you for a CERN contact person.
- More details are on the Indico page “Internet Access” page

Talks

- If you are a T2K member, please upload your talks to t2k.org and not to the Indico page (which is not private):
 - <https://www.t2k.org/nd280/physics/xsec/meetings/2019meetings/cernworkshop>
- If you are a guest, please upload your talk to the Indico page as usual
- For analysers: you each have a half hour slot but we hope this to include plenty of discussion time, don't feel you need to fill it all with a talk

Anonymous question box and “free work”

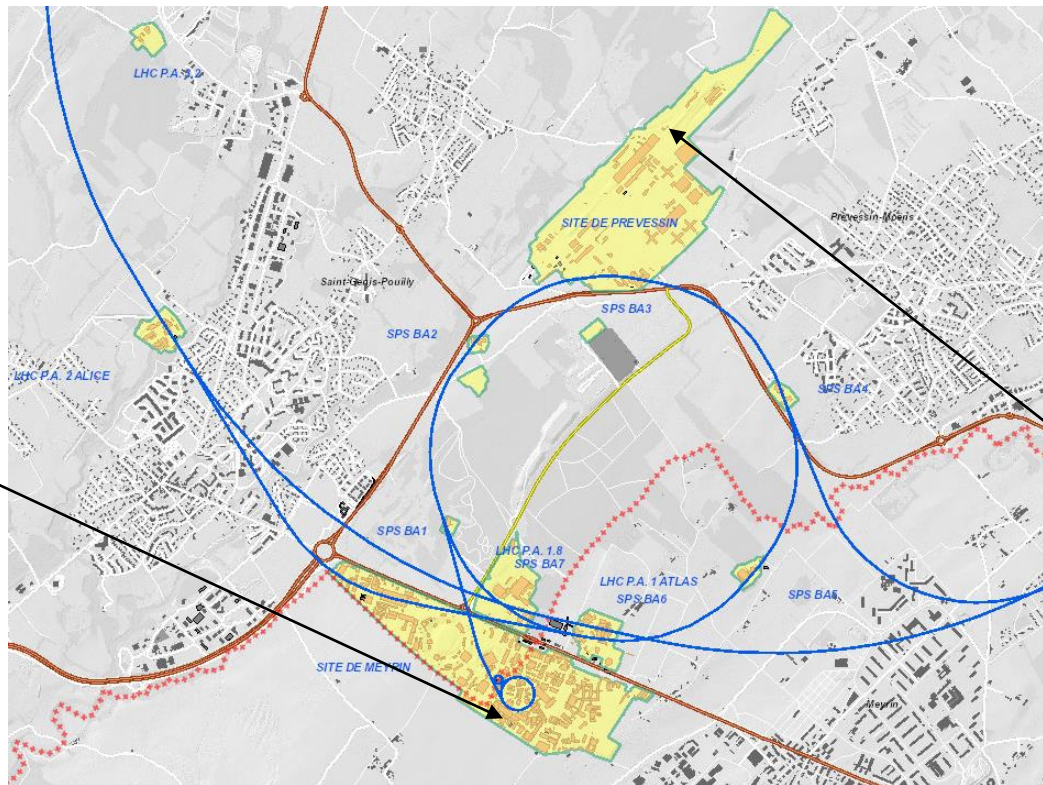

- The question box makes it's return!
- Post a question here and we will discuss it at the end of each day: https://docs.google.com/spreadsheets/d/1HKrCD9V-kg6CkgJZOFey_zij9lcGFQ5VAVP54Un-rm8/edit#gid=0
- There is also time set aside for “free work” the idea here is that analysers have some time to work with each other or to grab an expert to help them
- This should be done either in the conference room or around Restaurant 1 (where there is also beer ...) rather than the corridors.

Vidyo access

- Vidyo access is available:
<https://indico.cern.ch/event/844789/videoconference/>
- If you're connected remotely and there seems to be sound issues, write on Vidyo.
- If no one responds, send Slack messages / emails to the organisers / someone in the room

Neutrino platform tour

- We have eleven people wanting to attend the tour on Friday
- The neutrino platform is on the other CERN site

We are here

The platform is here

Neutrino platform tour

- We have eleven people wanting to attend the tour on Friday
- The neutrino platform is on the other CERN site
- We would like to drive you there, but currently only have two drivers (any volunteers?)
- If not we can take CERN shuttle that runs regularly, but we will still need transport from the shuttle stop to the platform entrance (it would be ~25 min walk)
 - Currently our plan is to ferry you in two cars

Enjoy the workshop!

Organisers:

- Stephen Dolan
- Laura Molina Bueno
- Georgios Christodoulou
- Balint Radics

With further help from:

- Kevin Fusshoeller
- Danaisis Varges
- Caspar Schloesser
