

Session Program

26-28 Apr 2006

POSIPOL 2006

Positron production (Targets) Session

CERN - European Organization for Nuclear Research
Meyrin Switzerland

Thursday 27 April

17:00

Positron production (Targets) Session

Session | **Location:** CERN - European Organization for Nuclear Research, 6/2-024, Meyrin Switzerland |

Convener: Peter Schuler

17:00-17:30

EuroTeV development of a photon conversion target

Speaker

Ian Bailey

17:30-18:00

Generation of polarized positrons in a target: photoproduction and related phenomena

Speaker

Prof. Vladimir Strakhovenko

18:00-19:00

Discussion

19:00
