Focus on QCD, precision SM, EFT, ...

ESI kindly provided the venue to us – www.esi.ac.at
Unique research platform to organize workshops/meetings
focused on theoretical and mathematical physics,
e.g. Parton Shower Resummation Workshop 2019

Wednesday: Gasthaus Wild*

We will leave together from the institute at 18:30
Address on Indico for those leaving individually or check
out gasthaus-wild.at

* Weather and outside seating not guaranteed

Thursday: Habibi & Hawara

Oriental/Austrian cross-over
Leave together at 18:30 or go there
individually, see habibi.at -> "Siebenstern"

Arabic & Austrian Dialect
for "friend & mate"

Opening hours of the institute: Officially 9:00 – 17:00, we need to vacate the lecture halls by 17:00, but can stay for discussion and collaboration afterwards.

Talks: **Please send the slides** as PDF to Markus Diefenthaler well in advance of the session, or directly put it on the Indico.

The programme is dense, but there is still **plenty of space for discussion**, so: Discuss!

No organized social programme. Please ask the locals for suggestions of a little tour of the city.
