

# CALOR 2022 - 19th International Conference on Calorimetry in Particle Physics

## Tuesday 17 May 2022

### Session 7 - Applications of Calorimetric Techniques 1 (14:20 - 16:00)

-Conveners: Ted Kolberg

time	[id] title	presenter
14:20	[189] QuARC: A Quality Assurance Range Calorimeter for Proton Therapy	SHAIKH, Saad
14:40	[190] FERS-5200: a distributed Front-End Readout System for multidetector arrays	VENTURINI, Yuri
15:00	[191] Proton energy reconstruction with ASTRA	JESUS VALLS, Cesar
15:20	[192] Including calorimeter test-beams into geant-val - the physics validation testing suite of Geant4	PEZZOTTI, Lorenzo
15:40	[193] Systematic Study of LED Stimulated Recovery of Radiation Damage in Optical Materials	SAHBAZ, Kutlu Kagan
