

CALOR 2022 - 19th International Conference on Calorimetry in Particle Physics

Thursday 19 May 2022

Session 12 - Applications of calorimetric techniques 2 (12:00 - 13:20)

-Conveners: Julia Lynne Gonski

time	[id] title	presenter
12:00	[211] A novel approach to understanding hadronic showers using machine learning technique	CHADEEVA, Marina
12:20	[212] Tracker-In-Calorimeter (TIC) project: a calorimetric new solution for space experiments	BIGONGIARI, Gabriele
12:40	[213] WSF read-out and calibration light source of the 3-D crystal array of HERD calorimeter	LIU, Xin
13:00	[214] Value of Timing in Calorimetry	HUSSAIN, Adil
