Recent CMS results on soft QCD physics

Tuesday 13 July 2021 14:50 (20 minutes)

Recent results of soft and small- x QCD measurements with the CMS experiment, such as minimum bias/underlying event physics, Double Parton Scattering and forward jet production.

Preferred track

Forward & Diffractive Physics

Primary author: Mr GUPTA, Rajat (Panjab University (IN))

Presenter: Mr GUPTA, Rajat (Panjab University (IN))

Session Classification: Forward and diffractive physics

Track Classification: Forward and diffractive physics
