

50th International Symposium on Multiparticle Dynamics (ISMD2021)

Tuesday, 13 July 2021

Cross-disciplinary: 1 (13:30 - 14:30)

time	[id] title	presenter
13:30	[181] A Large-N Expansion for Minimum Bias	LARKOSKI, Andrew
13:45	[139] Quantized fragmentation of 3-dim QCD string	TODOROVA, Sarka
14:00	[94] A two-component model of hadron production applied to pt spectra from 5 TeV and 13 TeV p-p collisions at the large hadron collider	TRAINOR, Thomas
14:15	[113] Nuclear modification factors of strange mesons measured by PHENIX	BORISOV, Vladislav
