

Session Program

12-16 Jul 2021

**50th International Symposium on
Multiparticle Dynamics (ISMD2021)**

Hadron structure / Jets & QCD

Wednesday 14 July

17:15

Hadron structure / Jets & QCD

Session | Location: | Convener: Claire Gwenlan

17:15-17:30 **Jet-based TMD measurements with H1 data**

Speaker

Ben Nachman

17:30-17:45 **Measurement of 1-jettiness in deep-inelastic scattering at HERA**

Speakers

Daniel Britzger, Johannes Hessler

17:45-18:00

NNLO single-top-quark production and decay: Discrepancies resolved, PDFs challenged

Speaker

Zack Sullivan

18:00-18:15

Quark Sivers Function at Small-x: Return of a Spin-Dependent Odderon

Speaker

M. Gabriel Santiago

18:15
