

The 16th International Workshop on Tau Lepton Physics (TAU2021) (Virtual Edition)

Monday, September 27, 2021

Session 1: Properties of the tau lepton - Virtual (8:10 AM - 10:20 AM)

-Conveners: Toru Iijima

| time | [id] title | presenter |
|---------|---|---------------------------------|
| 8:10 AM | [M98] Historical overview of 30 years of tau lepton physics work | PICH, Antonio |
| 8:40 AM | [M100] Electron-Muon-Tau Universality Theory Overview | Dr MARCIANO, Bill |
| 9:05 AM | [M101] Measurement of τ lepton mass at BESIII | LUO, Tao |
| 9:30 AM | [M102] Status and prospects for tau property measurements at Belle II | Dr HERNANDEZ VILLANUEVA, Michel |
| 9:55 AM | [M121] Third order correction to the muon lifetime | Dr FAEL, Matteo |
