

# Prospects for Intensity Frontier Particle Physics with Compressed Pulses from the ESS Linac

## Monday, 2 March 2020

### Physics Experiments at the Intensity Frontier: 1 - ITC 1311 (10:15 - 12:30)

time	[id] title	presenter
10:15	[2] The use of the ESS linac to create a Muon Collider	Prof. RUBBIA, Carlo
10:55	[3] The ESS neutrino Super Beam Design Study	Dr DRACOS, Marcos
11:25	[4] Short Pulses for Neutron Physics at ESS	ANDERSEN, Ken
11:55	[5] Discussion
