

Prospects for Intensity Frontier Particle Physics with Compressed Pulses from the ESS Linac

Monday, 2 March 2020

Physics Experiments at the Intensity Frontier: 2 - ITC 1311 (14:00 - 15:30)

time	[id] title	presenter
14:00	[6] Why are we interested in measuring the CP angle with high precision?	Dr GHOSH, Monojit
14:30	[7] The prospects for nuSTORM at ESS	TYGIER, Sam
15:00	[8] The prospects for an ESS based Neutrino Factory	PASTERNAK, Jaroslaw
