

Cosmology 2023 in Miramare

Thursday 31 August 2023

Plenary Session - Main Auditorium (09:10 - 12:40)

| time | [id] title | presenter |
|-------|--|---------------------|
| 09:10 | [28] Primordial Black Holes | KÜHNEL, Florian |
| 10:10 | [30] Dynamical evolution of the Milky Way globular clusters in cosmological timescale: interaction with the central Super Massive Black Hole | ISHCHENKO, Maryna |
| 10:40 | Coffee break + photo | |
| 11:10 | [33] Dark matter in clusters of galaxies | BIVIANO, Andrea |
| 11:40 | [31] Gravitational waves observations by LIGO-Virgo and prospects for the future | SORRENTINO, Fiodor |
| 12:10 | [32] GINGER | DI VIRGILIO, Angela |
