

Session Program

9-12 Mar 2020

CLIC Workshop 2020

Plenary session

CERN

Wednesday 11 March

14:00

Plenary session: Accelerator and Physics, 2019 highlights and plans ahead

Session | **Location:** CERN, 503/1-001 - Council Chamber

14:00–14:10

Welcome

Speakers

Aidan Robson, Philip Burrows

14:10–14:30

Beyond the Standard Model at CLIC

Speaker

Philipp Roloff

14:35–14:55

CLIC performance and studies for high energies

Speaker

Daniel Schulte

15:00–15:20

X-band studies and CLIC technologies

Speaker

Nuria Catalan Lasheras

15:25–15:45

Top-quark physics at CLIC

Speaker

Marcel Vos

15:45–16:15

Coffe break

16:15–16:35

Silicon pixel detector R&D for CLIC

Speaker

Magdalena Munker

16:40–17:05

CLIC studies and related developments in beam-facilities

Speaker

Roberto Corsini

17:10–17:25

High efficiency klystrons and prospects

Speaker

Igor Syratchev

17:30–17:45

Wrap up and next steps

Speaker

Steinar Stapnes

17:45–17:55

Final discussion

18:15
