

CERN Visitor Card – How to register and get your visitor card

IF YOU FAIL TO GET YOUR VISITOR CARD, YOU WON'T HAVE ACCESS TO CERN PREMISES!

Safety is our priority number one in CERN. Therefore, every visitor must have a visitor card before entering CERN.

This short guide explains how to register for an event, and how to get your visitor card in just a few steps. Your visitor card has your name on it, the dates you have access to CERN premises and the name of the event you are participating in.

It is important to print your visitor card BEFORE entering CERN! We always recommend printing the visitor card at home before your trip to CERN.

Please bring and carry with you a government issued picture ID (passport) along with your visitor card - this might be asked by the guards on CERN access gates

Here is an example of what your visitor card should look like:

Kalasniemi

Jani

VISITOR / VISITEUR

7 May 2018 - 11 May 2018

I4C second visit to CERN -
Prototyping

Figure 1 Example of a CERN visitor card

Step 1 – Enter the Indico page of the event you are attending

Start by clicking on the 'Register now' button on the right bottom corner of the event's Indico page.

The screenshot displays the Indico event page for "I4C second visit to CERN - Prototyping". The header includes the event title and dates: "8-13 May 2018" and "CERN Europe/Zurich timezone". A search bar is visible in the top right. A navigation menu on the left lists "Overview", "Timetable", "Registration", and "Participant List". The main content area shows event details: "Starts 8 May 2018, 09:00" and "Ends 13 May 2018, 21:00" in "Europe/Zurich" time zone. The location is "CERN 3179-1-D06 Point 1". A link for "Access Badge Cern Guide_Sandy.pdf" is provided. A message from "IdeaSquare staff" is displayed, advising participants to read the manual for getting a CERN visitor access badge and warning that attendees without a proper access badge will not be allowed to enter the CERN premises. At the bottom, a "Registration" section indicates that registration is currently open, with a "61" next to a person icon. A blue "Register now" button with a right-pointing arrow is highlighted with a red box, and a large red arrow points to it from below. The footer includes the CERN logo, "Powered by Indico", and links for "Help | Contact | Terms and conditions".

Figure 2 Event's Indico page - click on 'Register now' to start your registration

If you don't see the button, registration for the event hasn't started yet, and you should come back when it is open.

Step 2 – Fill in the registration form

Fill in all your personal information asked in the form. Click the 'Register' button below the form. Please notice that all the fields marked with * are mandatory.

Registration

Request access to the CERN site

CERN's Security Policy requires you to provide the following additional data. The contents of this form will not be shared with the event organizers and will only be revealed upon request from CERN's Site Surveillance service.

Once you have provided this data, you will be able to get a ticket which grants you access to the CERN site during this period: 4 Dec 2018 (8:00) - 15 Dec 2018 (23:00)

| | |
|--------------------|---|
| Birth date * | <input type="text" value="DD/MM/YYYY"/> |
| Country of birth * | <input type="text"/> |
| Place of birth * | <input type="text"/> |

(All the fields marked with * are mandatory)

Figure 3 Fill in your information into the form and click 'Register'

Step 3 – Wait for approval

Now you are registered for the event. You should see a page as shown below and you also received an email from Indico confirming that your registration has been completed. Next, you have to wait for the IdeaSquare staff to grant you access to CERN premises. We need to grant access to every visitor manually and therefore it might take a while to receive your Visitor Badge. Go for a run, read a book or call your loved ones.

Challenge Based Innovation A3 at CERN Ideasquare

Registration *ref: #13*

Dear Santeri Palomäki,

You have been granted access to the CERN site for the period: 25 Nov 2018 (9:00) - 9 Dec 2018 (20:00). You can find your access ticket attached to this email. This ticket should be printed and presented at the CERN gate in order to enter the site.

If you cannot print the ticket yourself, you can also use the code **IJKRX7W** to print an access ticket at the entrance.

Indico :: Event Registration

Now you have two options; either print your visitor card yourself or write down your registration code and print your visitor card at the CERN reception (building 33).

We recommend printing your visitor card beforehand at home since there might be several other visitors printing their cards at CERN reception. No one likes waiting.

Step 5 – Check that the information is correct

By now you should have your visitor card printed in your hand.

Check the information on your visitor card:

- your name is written correctly,
- the dates cover your whole stay at CERN

If you have a problem with your badge, contact the person responsible for the event.

Once more; remember to bring and carry with you a government issued picture ID along with your visitor card - this might be asked by the guards on CERN access gates.

PS. If you want to have your device(s) ready to connect to CERN wi-fi the moment you arrive, please fill in a request here: <http://cern.ch/registerVisitorComputer> - and use Santeri Palomäki or Hans Boe as the CERN contact person
