

Workshop: Opportunity for short baseline neutrino experiments in nuclear reactors in Argentina

Thursday, 19 December 2019

Technical talks: Background and flux measurements for precision experiments (10:00 - 11:00)

-Conveners: Guillermo Fernandez Moroni

time	[id] title	presenter
10:00	[25] Background in a reactor experiment	
10:30	[26] Posible antineutrino flux measurement technologies	SIDELNIK, Iván
