The next steps for Nextcloud

Monday, 27 January 2020 13:00 (30 minutes)

Nextcloud started as an Enterprise File Sync and Share solution. Nowadays Nextcloud turned into a full Content Developer Platform and an ecosystem for developers and 3rd party applications. 2019 was a particular interesting year with 3 major releases from Nextcloud. This talk will give an overview over the changes in 2019 and what it means for the future. A special focus will be on the latest release which is a very big step forward and a change in strategy. This talk will also discuss the roadmap and what it means for the education and research community. The talk will cover several concrete unique features with live demonstrations.
