# Keynotes & Invited talks

- Michiel de Jong

digital sovereignty & user freedom

**May we please store your personal data?**

- Troels Petersen

science & research

**Machine learning in particle physics**

# Interoperability

- **Campfire** discussion on Tuesday afternoon
  - with participation of the entire audience
  - still possible to contribute your point-of-view as 1 slide summary

12:00	Lunch	12:00 - 13:00
13:00	Collaborative applications	13:00 - 13:30
14:00	Interoperability & APIs: Campfire Discussion	13:30 - 14:15
	Coffee break	14:15 - 14:30

# Meet CS3 Mesh

- many discussions in the past about the future of CS3 for last few years
  - unique community: expertise & innovation
  - services driven bottom-up and in heavy use
  - many collaborations

**finally our community is becoming officially recognized on European stage**

# Site reports

- The site report survey is still open

# Conference Feedback

- Please take 5 minutes to give your opinion:  
<https://indico.cern.ch/event/854707/surveys/1213>

The screenshot shows the Indico conference website interface for CS3 2020. The header is blue with the CS3 logo and the text "CS3 2020 - Cloud Storage Synchronization and Sharing Services". Below the header, the dates "27-29 January 2020" and "Europe/Zurich timezone" are displayed on the left, and a search bar is on the right. A navigation menu on the left includes "Overview", "Programme", "Call for Abstracts", "Timetable", "My Conference", "My Contributions", and "Surveys" (which is highlighted). The main content area is titled "Survey" and "Conference Feedback". It features a text input field for "Your name (optional)" and a rating question: "What is your overall rating of the workshop? ★". The rating options are "0 - poor", "1 - fair", "2 - good", and "3 - excellent".

**Interested in bidding to organize next event?**

Please approach any Programme Committee member to discuss

Enjoy!
