The Eight Annual Conference of Large Hadron Collider Physics

L  **HC** **P** 2020

May 25-30, 2020

Online

It is our privilege and pleasure on behalf of the organising committee to welcome you(*) at the LHCP 2020 conference

We wish you an effective, successful, and productive conference !

(*) 1286  from 57 countries and territories !

Plenary and parallel sessions

They will take place in Zoom Webinars (indico [link](#) and passwords sent by email). Q&A at the end of each presentation: “raise hand” feature in Zoom.

Plenary sessions will also be streamed on webcast ([link](#)), questions can be asked in the “plenary-qa” channel in LHCP2020 “Discord” server (details sent by email).

Talks will be recorded. Recordings will be captioned offline and uploaded to CDS

Poster sessions

Two 1-hour long sessions: Thursday 18:45 (CEST) and Friday 11:15 (CEST). Each poster presenter will have a Zoom meeting room (indico [link](#) and passwords sent by email). A 3’ video recording and the poster will be uploaded to indico in advance.

🏆 4 poster will be awarded prizes (supported by [EPJ.org](#))

Proceedings

Proceedings will be published for talks and poster presentations in PoS

Even in the current exceptional circumstances, we would like this online conference to feel as much like an in-person event as possible.

Discord channels have been created also for the parallel sessions, where the participants can - if they want - comment on the session or even just say “hello” to the other attendees, who cannot be seen from the Zoom webinar interface

Continuing the tradition of the LHCP series, the sessions include plenty of time for discussions - we hope they will be as lively as always given the exciting programme of this year!

However, given that we don't have common coffee and lunch breaks (*) where discussions could continue, the speakers (on a voluntary basis) might include in their slides a link to a personal Zoom meeting (same password as their session) to meet after their session the interested participants to have a direct chat and answer more questions.

Share your conference experience  @LHCPconference #LHCP2020

(*)  and  are not provided this year, sorry!

The policy of the LHCP2020 conference is that all participants should enjoy a comfortable experience, and that they will treat each other with respect at all times and behave professionally.

Participants are required to comply with the CERN code of conduct ([link](#))

In case of bad behaviour, including personal harassment, the conference organisers may, after due consideration, take such action they deem appropriate, including warning or expulsion from the conference. This applies both to the live discussions in the Zoom webinars as well as in the discord chat. For more details please refer to our code of conduct web page ([link](#))
