**Status of NKTIH grants FK 123842 and FK123959 after the second year and HBT plans for the third year.**

**Speaker**

Dr Máté Csanád

17:00–17:20

**Levy three-pion correlations in Au+Au collisions measured by PHENIX**

**Speaker**

Mr Bálint Kurgyis

17:20–17:40

**Three-pion correlations at LHCb**

**Speaker**

Prof. Marcin Kucharczyk

17:40–18:00

**Levy HBT correlation at NA61/SHINE experiment**

**Speaker**

Mr Barnabas Porfy

18:00–18:20

**Centrality dependent of Levy fit results on Bose-Einstein correlations at 200 GeV Au+Au collisions in PHENIX**

**Speaker**

Mr Sándor Lökös

18:20
