Commitments and Major Issues on LHC Applications

Tuesday 24 January 2006 12:00 (20 minutes)

This presentation will state CO group responsibility and organisation for LHC operational applications. It will also present CO commitments on the requirements listed in the 2 previous sessions. In particular, it will address the functionality and performance expected for the different operation stages and the procedures and tests foreseen to reach these objectives.

Finally, current major issues (i.e. uncovered requirements) and possible 'Plan B' will be presented.
