13:00

HXSWG Offshell & Interference Meeting

Session | **Location:** CERN, 60/6-015 - Room Georges Charpak (Room F)

13:00–13:30

Top quark mass effects in $gg \rightarrow ZZ$ at two loops and off-shell Higgs interference

Speaker

Ramona Groeber

13:30–14:00

Off-shell and interference effects in Higgs production in the SMEFT

Speaker

Eleni Vryonidou

14:00–14:15

Break

14:15–14:45

EFT analysis of the off-shell Higgs boson production

Speaker

Aleksandr Azatov

14:45–15:15

CMS off-shell + EFT strategies

Speaker

Andrei Gritsan

15:15–15:30

Break

15:30–16:00

CMS high mass HWW

Speakers

Dermot Anthony Moran, Dermot Anthony Moran

16:00–16:30

The $\hat{H}$ -Parameter: An Oblique Higgs View

Speaker

Admir Greljo

16:30–17:00

Discussion

17:00
