

East Area Renovation Project: BEATCH files status

Eva MONTBARBON - EN-EA

11/11/2019

ENGINEERING
DEPARTMENT

BEATCH files status (1)

- *Primary beam lines:*

- F6D ✓
- F61 ✓
 - Starting point defined and validated
 - Q74 location validated
- F62 ✓
- F63 ✓
- T08 ✓
 - Beam height higher than the one of the PS of ≈ 20 mm
→ see «*Rapport_Nivellement*» written by Laure Wilhelm (EN-SMM)

*Meeting with surveyors:
Indico F61*

All BEATCH files with the same altitude (z CCS) as the altitude of the PS

BEATCH files status (2)

- *Secondary beam lines:*
 - T09: in progress
 - Upstream optics (TCX + 2 MDX locations) ✓
 - Crosscheck of the geometry before adding instrumentation (XSCI, XBPF,...) in the BEATCH file
 - T10: in progress
 - Check the geometry before changing the BEATCH file
 - T11: in progress
 - Check the geometry before changing the BEATCH file
