

DIS10, XVIII International Workshop on Deep Inelastic Scattering and Related Subjects

Thursday 22 April 2010

Joint Session Spin and Future: Session 10 - Ponte Vecchio (11:15-13:00)

time	[id] title	presenter
11:15	[53] Moving beyond collinear, leading-twist pQCD	QIU, Jianwei
11:45	[54] Transverse spin with high energy polarized beams at an EIC	PROKUDIN, Alexei
12:10	[55] Meson electroproduction and imaging with an EIC	HORN, Tanja
12:35	[56] Determining SUSY particle mixing with polarized hadron beams	KLASEN, Michael
