

Logistics updates

Sunday 2 February 2020 17:15 (45 minutes)

Plan update, plan for prototyping moves, update on moving equipment in drifts, loading and unloading at the surface, clarity of roles; involvement of SDSTA; a hoist in the cage? Input needed from consortia for progress on the logistics plan?

Presenters: JAKUBEC, Ladia (Fermi National Accelerator Laboratory); WEBER, Patrick (Fermi National Accelerator Lab. (US)); WEBER, Patrick (Fermi National Accelerator Laboratory)
