Training Bronkhorst

Sabino Zagaria
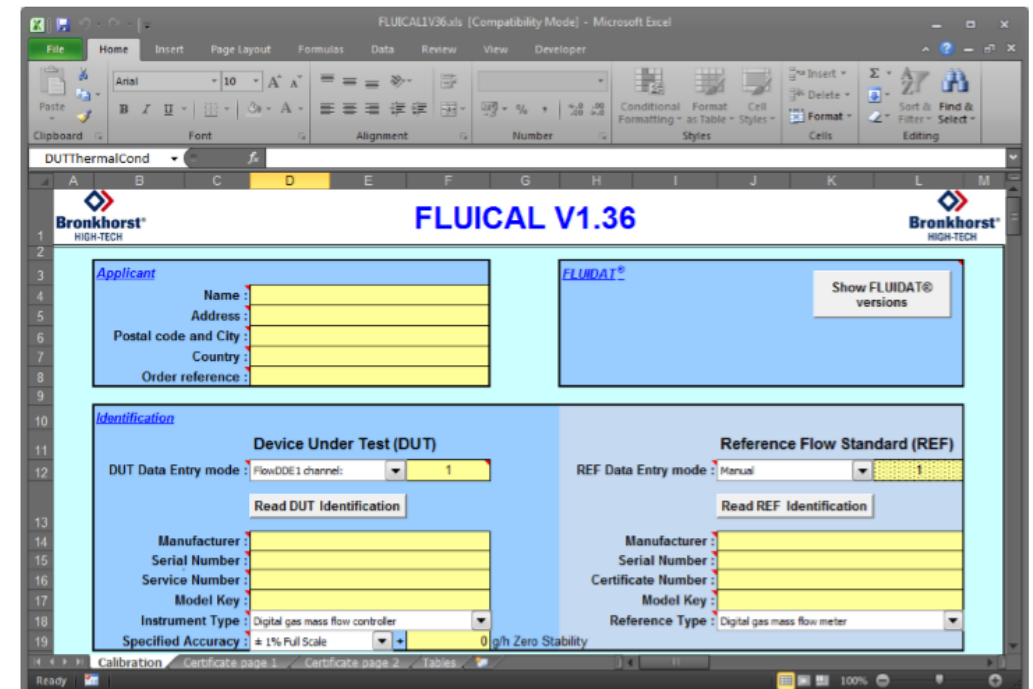

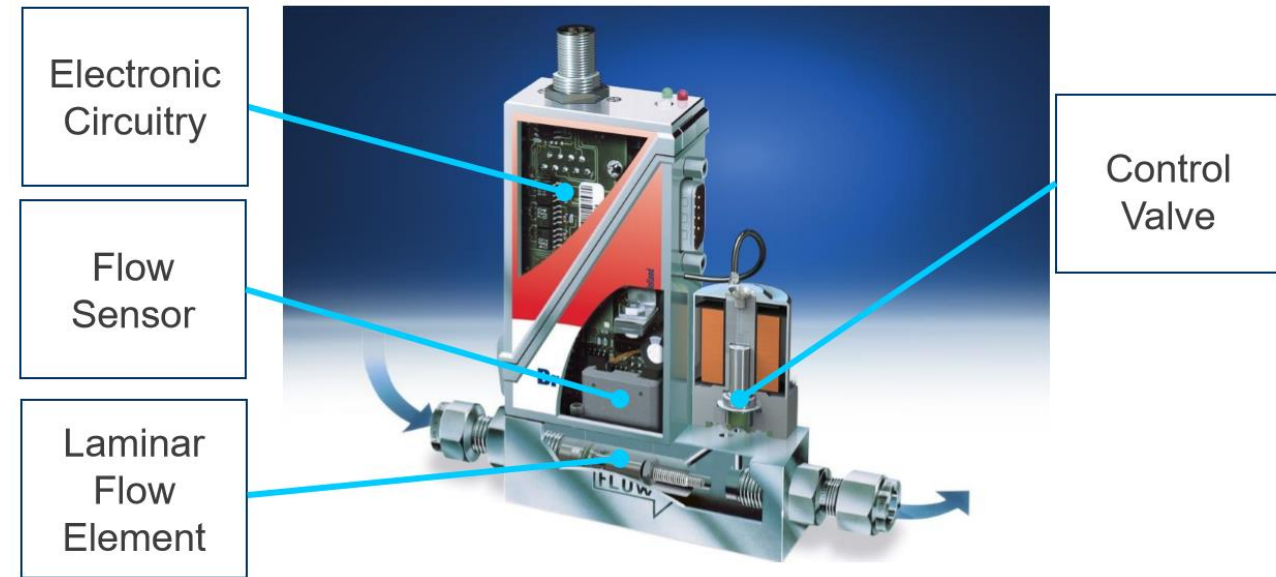

EP-DT-FS

Training Bronkhorst

2-days training, theory and practice

- MFC general introduction and working principle

- Hands-on Bronkhorst software tools: FlowDDE, FlowView, FlowPlot

- Fluical: Validation and Calibration Procedure

Electronic Circuitry

Flow Sensor

Laminar Flow Element

Control Valve

Training Bronkhorst

- Digital communication: FLOWBUS and PROFIBUS

- Control valves overview

- Main maintenance
