

# Introduction & practicalities

Geant4 Advanced Course at CERN  
28 September - 2 October 2020

A dark blue diagonal gradient bar that starts from the bottom left corner and extends towards the top right corner, covering the bottom half of the slide.

# Welcome

Glad that you can join us in this delayed course.

Hosting a remote course is a new experience for us, as organisers and lecturers.

We have

- put in place a setup for (many) lecturers in a dedicated auditorium
-

# Communicating via MatterMost

Please register on our dedicated **MatterMost** channel

[https://mattermost.web.cern.ch/signup\\_user\\_complete/?id=8k6p7rs63igktmzbgx9u18pzfc](https://mattermost.web.cern.ch/signup_user_complete/?id=8k6p7rs63igktmzbgx9u18pzfc)

There have been some difficulties registering. We suggest to

- Use Firefox or Safari ( not Chrome. )
- Create a [“Lightweight” CERN account](#) if you don't have a regular CERN account.

Please

- Use 'Town Hall' for general topics
- sign into today's dedicated channel Day 1 and post your questions about the lectures there.

# Zoom

Please bring up “Participants” to allow you to rename yourself in Zoom to provide

- your first name
- your family name if you want an attendance certificate.

We will record the lectures. Please consent to the recording when asked.

Please use the ‘Hand Raise’ feature (option in “...” next to your name)

You may use audio only, text only (via Mattermost) or full audio/video when you ask a question.

- Be aware that these will appear in the recording.
- Also your profile picture will appear.

# Attendance certificates

We will take attendance each day using the Zoom participants list.

We will prepare attendance certificates for those who have followed 80% of the course.
