

Session Program

2-6 Dec 2019

Zimányi School 2019

Intermediate energies (section chair: B. Tomásik)

Wigner Research Center for Physics, Bldg 3, Council room
Konkoly Thege Miklós út 29-33. H-1121 Budapest Hungary

Thursday 5 December

10:50

Intermediate energies (section chair: B. Tomásik)

Session | **Location:** Eötvös University, Northen Building, Ortway Hall (0.81)

10:50–11:15 **Status of researches at intermediate energies**

Speakers

Giuseppe Verde, Giuseppe Verde

11:15–11:40 **Investigation of the equation of state at low densities**

Speaker

Dr Abdou Chbihi

11:40–12:05 **The equation of state of compact stars in the gravitational wave era**

Speakers

Dr David Edwin Alvarez Castillo, David Edwin Alvarez Castillo

12:05–12:35 **Proton holography**

Speaker

Prof. Tamas Csorgo

12:35
