

# The 8th Asian Triangle Heavy-Ion Conference (ATHIC2021)

## Saturday, 6 November 2021

### Invited Session 3: Matter under external strong fields & Collective dynamics - Room 107 (10:00 - 12:05)

-Conveners: Nu Xu

time	[id] title	presenter
10:00	[169] CME: What is the next step after the isobar result?	LIAO, Jinfeng
10:25	[170] Search for CME with STAR experiment	WANG, Fuqiang
10:50	[146] Studying the QCD phase structure through higher-order cumulants	TOSHIHIRO NONAKA
11:15	[168] Dynamical modeling of high-energy nuclear collisions	SHEN , Chun
11:40	[167] Collectivity in small collision systems	LIM, Sanghoon
