Weak gravity conjecture in an accelerating Universe

Monday 7 September 2020 08:30 (30 minutes)

I will describe the weak gravity conjecture in flat and de Sitter space and the difficulties to obtain An accelerating Universe in string theory.

Is this abstract from experiment?

No

Internet talk

No

Name of experiment and experimental site

I. Antoniadis

Is the speaker for that presentation defined?

Yes

Details

Ignatios Antoniadis

Primary author: Prof. ANTONIADIS, Ignatios (LPYHE Paris and AEC Bern)

Presenter: Prof. ANTONIADIS, Ignatios (LPYHE Paris and AEC Bern)

Session Classification: Plenary
