## Instant folded strings, black holes and cosmology

*Thursday 10 September 2020 11:00 (25 minutes)*

Recently it was realized that in certain situations folded strings are created at an instant. Since they violate the average null energy condition they lead to fascinating effects in Cosmology and black holes.

### Is this abstract from experiment?

No

### Internet talk

Yes

### Name of experiment and experimental site

.

### Is the speaker for that presentation defined?

Yes

### Details

Nissan Itzhaki

**Primary author:** Prof. ITZHAKI, Nissan (Tel-Aviv University)

**Presenter:** Prof. ITZHAKI, Nissan (Tel-Aviv University)

**Session Classification:** Workshop on New physics paradigms after Higgs and gravitational wave discoveries
