

9th International Conference on New Frontiers in Physics (ICNFP 2020)

Saturday, 5 September 2020

Workshop on QCD - Room 3 (11:00 - 12:40)

time	[id] title	presenter
11:00	[129] Drell-Yan production at NLO in the Parton Branching method at low and high DY masses and low and high \sqrt{s}	WANG, Qun
11:25	[158] Gluons, Heavy and Light Quarks in the Instanton Liquid Model	Prof. MUSAKHANOV, Mirzayusuf

Workshop on QCD - Room 2 (16:30 - 17:45)

time	[id] title	presenter
16:30	[31] Anomalous Currents and Constitutive Relations of a Chiral Hadronic Superfluid	Dr MEGIAS, Eugenio
16:55	[166] Sudden increase in the degrees of freedom in dense QCD matter	Dr MISHRA, Aditya Nath
17:20	[152] Fractal Aspects of QCD	DEPPMAN, Airton

Thursday, 1 October 2020

Workshop on QCD - Room 1 (17:50 - 19:05)

time	[id] title	presenter
17:50	[33] QCD phase diagram and its dualities: baryon density, isospin and chiral imbalance	ZHOKHOV, Roman
18:15	[198] Exclusive Reactions studied in the COMPASS experiment at CERN	Mr LIN, Po-Ju
