

CERN Baltic Group Coordination team meeting 26th of November 2019 via Vidyo

Summary of the meeting

Agenda:

12:30 → 12:50

CMS related activities - status update¶

12:50 → 13:00

Joint list of industries, coordination, timeline¶

13:00 → 13:15

CERN Industry Road Show in the Baltics¶

13:15 → 13:45

Action items for COST Action application development for Summer school on High Energy Physics and Accelerator Technologies¶

13:45 → 14:00

Other upcoming activities, discussion¶

Agenda and supporting documents are available at

<https://indico.cern.ch/event/863019/>

1. It is agreed that **CMS Tier2 platform** computing grid needs to have one responsible, trained person, representing RTU, to have system administrator from private company is not a sustainable approach. Estonian colleagues (Lauri) could help and train some IT person from university.
2. **Mapping of CERN-relevant industries** in the Baltic States draft needs to be filled via Share point by Estonian (Mario Kadastik) and Lithuanian (person to be confirmed) partners regarding their respective countries. The collated information will be input into the Application for the CERN Associate Membership, used for the Road Show.
3. As **CERN Industry Road Show in the Baltic Countries** is scheduled for the 1st quarter of 2020 Mario Kadastik (NICPB) will coordinate with CERN regarding the availability of dates and engagement in the first or last week of April.
4. In order to organize the CBG **Baltic School on High Energy Physics and Accelerator Technologies** the application for COST Action funding is drafted. It is agreed to organize school for an expected maximum of 30 students in the RTU campus Ronīši from 10-14 August 2020. The school name is confirmed as “Baltic school for High Energy Physics and Accelerator technologies”.

Upcoming activities:

An action and deadline list is to be prepared by the HEP Centre and will be circulated to the gathered contacts in all institutions as soon as possible.

Advertisement poster is to be prepared by RTU HEP Centre for introduction purposes. It is agreed that a nominal timetable for the event should be finalized by the end of the year.

RTU Kārlis Dreimanis will coordinate availability of lecturers

RTU Toms Torims identify the Key Note speaker.

5. It was agreed that the next CBG Coordination team meeting is to be organised in first half of December 2019, date to be agreed via doodle.

28.11.2019

By CBG Secretariat

Participants:

1. Prof. Toms Torims, RTU
2. Ms. Aija Rūse, RTU
3. Ms. Elīna Grate, RTU
4. Mr. Adrian Morales Casas, RTU
5. Dr. Karlis Dreimanis, RTU
6. Dr. Mario Kadastik, NICPB
7. Dr. Andrius Juodagalvis, VU
8. Prof. Brigita Abakevičienė, KTU
9. Mr. Vahur Zadin, UT
10. Dr. Fjodor Sergejev TT.
11. Prof. Vygintas Grinis, KTU

Excused:

Dr. Aurelius Rinkevicius VU, Prof. Marcis Auzins LU, Dr. Jevgenijs Proskurins, RSU
