

## LHCOPN/LHCONE Status and Updates

*Friday, March 31, 2023 10:00 AM (20 minutes)*

In this talk we'll give an update on the LHCOPN/LHCONE networks, current activities, challenges and recent updates. We will also focus on the various R&D projects that are currently on-going and could impact XRootD and FTS. Finally, we will also cover our plans for mini-challenges and major milestones in anticipation of the DC24.
