Meeting Details (Covid-19 matters)

Face to face **meetings should be avoided** wherever possible

For the moment, expect to have the next GDBs and pre-GDBs as remote-only meetings

The most important thing for you, your relatives and friends is **to stay healthy!**

Meeting summaries

The co-chairs try to take notes for the meetings, but since we sometimes might be busy running the meeting the notes can possibly be lacking:

<https://twiki.cern.ch/twiki/bin/view/LCG/WLCGGDBDocs>

- if **you take notes, please share them with us**, so we can merge the information and make the summaries more complete
- We started **recording** the sessions  so we can integrate the videos into the agenda as well

Misc Notes

SIDIS follow-up

It would be beneficial for SIDIS if those of you with contacts in computing science institutes could talk to relevant people regarding this effort.
