

# GDB Introduction

Josep Flix [PIC/CIEMAT]

Mattias Wadenstein [University of Umeå]

GDB, 13<sup>th</sup> October 2021: **virtual meeting**

# Meeting Details (Covid-19 matters)

The pandemic is still ongoing, with various situations in different countries...  
Vaccine roll-out ongoing, some work trips resuming?

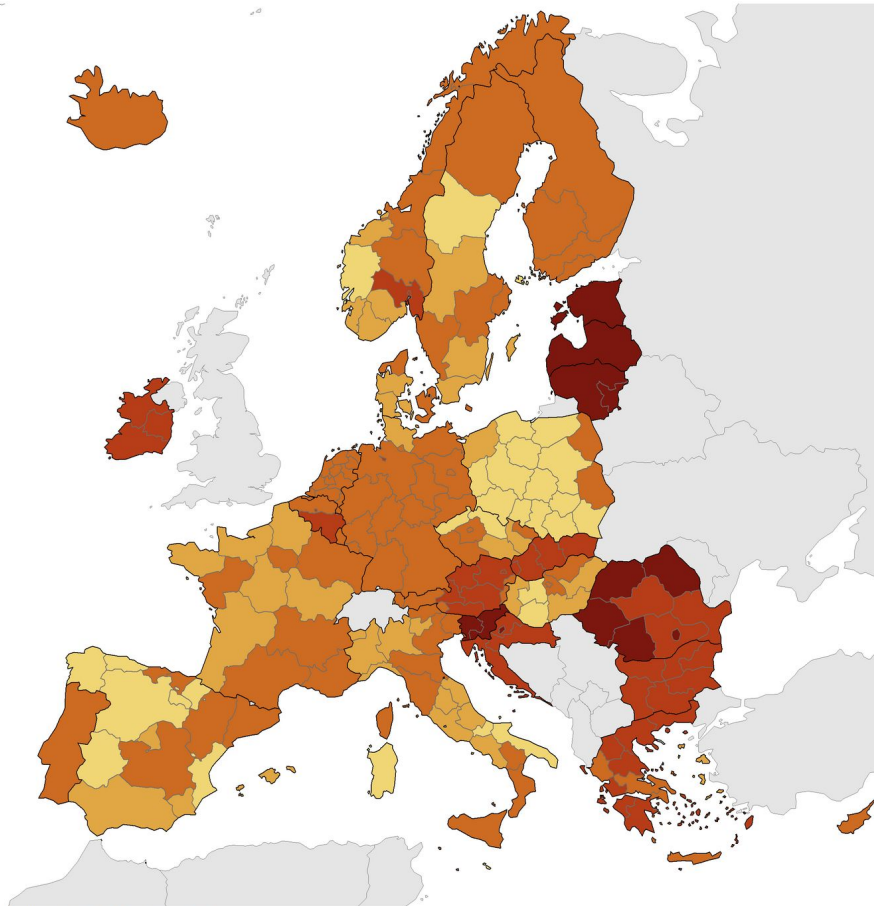

**14-day COVID-19 case notification rate per 100 000 population, EU/EEA weeks 38 - 39**

Regions not visible in the main map extent

Countries not visible in the main map extent

Administrative boundaries: © EuroGeographics © UN-FAO © Turkstat. ©Kartverket@Instituto Nacional de Estadística - Statistics Portugal.  
The boundaries and names shown on this map do not imply official endorsement or acceptance by the European Union, ECDC. Map produced on: 6 Oct 2021

# Meeting Details (Covid-19 matters)

As far as possible, **meetings shall be held remotely using video conferencing or similar means**

For the moment, expect to have the next GDBs and pre-GDBs as remote-only meetings

**Question to the audience:** Should we resume in person GDBs quickly after CERN allows international meetings on premise?

CERN & Covid-19 : What's new this week

<https://hse.cern/covid-19-information>

# Meeting summaries

The co-chairs try to take notes for the meetings, but since we sometimes might be busy running the meeting the notes can possibly be lacking:

<https://twiki.cern.ch/twiki/bin/view/LCG/WLCGGDBDocs>

- if **you take notes, please share them with us**, so we can merge the information and make the summaries more complete
- We **record** the sessions **LIVE** so we can integrate the videos into the agenda as well

# Today's topics

---

Morning  
Afternoon

LHC workloads on EuroHPC  
Data Challenge 2021 updates  
Rucio workshop report  
HTCondor workshop report

→ **Thanks in advance to all of today's speakers!**

# Next pre-GDBs

## October 29th 2021

[as part of HEPiX workshop]

**Linux distribution BoF joint with HEPiX**

## WLCG Auth & IAM users Meeting - November 2021 [2-days]

[Per Tom Dack's request]

2-afternoon pre-GDB. The plan for this would be to have one afternoon focussing on **progress made by the WLCG Auth Group** and one afternoon focussing on **usage and updates of the INDIGO IAM**.

## Operations efforts savings

[follow-up from a meeting with LHC referees]

pre-GDB (from meeting with LHC Referees) to review the situation with computing operations in the experiments and central Ops, to understand where we can save effort

## DPM: next steps/actions by regions?

# pre-GDBs/GDBs organization

Please consider using pre-GDB lots to organize topical sessions!

Let Mattias and myself know if you have topics to bring to the thematic pre-GDBs or GDBs

Also, let us know if you would like things to happen/improve!

You can email us or use the **GDB mattermost channel**:

<https://mattermost.web.cern.ch/wlcg-gdb/channels/wlcg-gdb>

# CERN Phone number

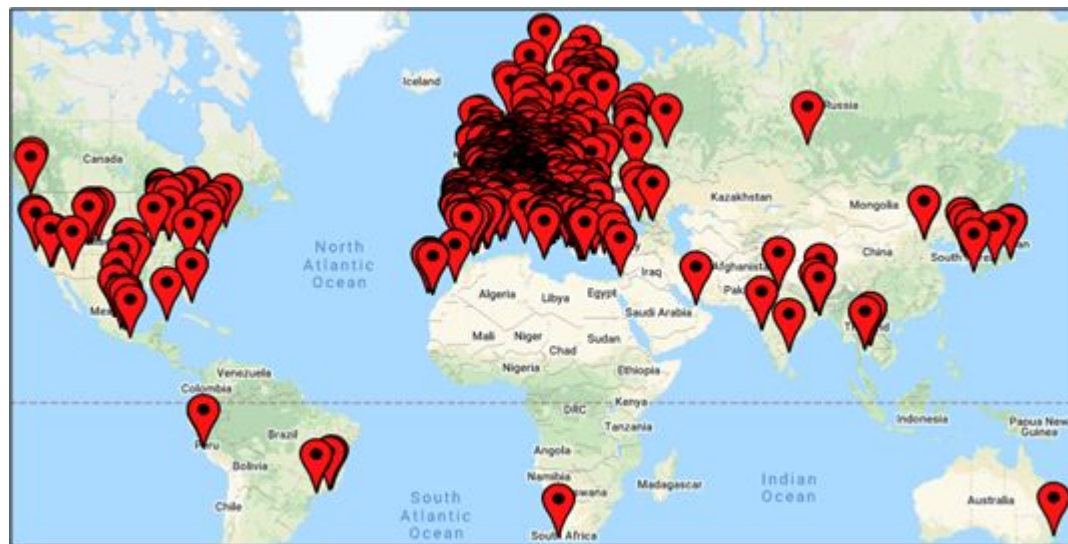

Anyone registered as a CERN user can now have a +41 22 76x xxxx phone number and use this for voice calls to colleagues. For those of us who want to talk to each other on the phone without telco pricing for (for instance) Sweden-Switzerland phone calls. There might also be privacy improvements, depending on what you compare to.

For more info see:
